

# Will Your Company Survive After Your Baby Boomers Retire?

Or do you need strategies and workplace programs to keep their talent?

*Someone is turning 65 every 8 seconds.*

*Baby Boomers are retiring every day.*

*There are not enough workers to replace them.*

*Who will do the work?*

## Benefits to your organization:

- *Ensure you have enough workers to perform all company jobs*
- *Retain productive older employees and their unique contributions*
- *Reverse the loss of institutional memory and expertise*
- *Keep innovation and critical thinking skills active*
- *Continue healthy bottom line results*
